Soledad Rebuff

SAN FRANCISCO — The Ctate Court of Appeals has denied a request by the two remaining Soledad Brothers to be transferred from San Quentin Prison to the San Francisco County jail.

The denial without comment was handed down to the petition for a writ of habeas corpus by John Cluchette and Fleeta Drumgo, who face trail here on murder charges in the death of a Soledad Prison guard in January 1970.

They argued in their petition they were tortured and harassed by San Quentin guards after three guards and two inmates were killed with the third Soledad Brother, George Jackson, in what prison officials describe as an escape attempt Aug. 21.
